

TOWN SQUARE

City of Boynton Beach FL

An incredibly creative P3 [private public partnership] project is progressing towards completion in Boynton Beach FL. The project started in 2017 after selection of a development partner. The announcement of the completion of City Hall just appeared. Current status reports are posted on the website.

Town Square is a 16-acre site in downtown Boynton Beach. The project includes the renovation of the historic Boynton Beach High School into a cultural center, residential and retail spaces, a hotel, playground, amphitheater, open spaces, parking garages, a fire station and a new city hall with a new library.
