What if Amazon moved its shipping centers downtown? Where drones fly into the buildings to pick up deliveries. This drone beehive is one of the ideas and patents that could be part of Amazon's city of the future. From Amazon Go, the shop with no lines, and instant shipping and delivery, to hotels being serviced by Alexa, Amazon Echo, and Amazon Air. This mini documentary takes a look at how Amazon and Jeff Bezos are designing, and investing, into technology and new services that will bring a futuristic city to life.
